

# Move freely. Live fully.

Pain-free. Drug-free. Heal with light.

To Those Ready for Relief,

Living without the burden of pain. That's the future we want for you. We know how exhausting pain can be—we also know how empowering relief is for our patients. With the right care, brighter days are within reach.

Our approach is rooted in the healing power of light. Using the most advanced Laser Therapy, we work at the cellular level to reduce pain, speed recovery, and help you get back to doing what matters to you. Whether you're recovering from surgery, managing an injury, or dealing with chronic pain, this non-invasive therapy offers real relief without drugs or downtime.

As Your Orthopedic Wellness Center, we're committed to your healing throughout your treatment journey. You don't have to accept being defined by pain. Write your own story. We hope you'll start your journey with us soon.

# Pain alleviated. Life elevated.

Feel the difference  
OrthoLazer therapy  
can make in your life.

## How it Works

At OrthoLazer®, Your Orthopedic Wellness Center, we use M8 Laser Therapy, the most advanced form of light treatment that targets pain and promotes healing at the cellular level. The laser delivers concentrated light energy to affected tissues, reducing inflammation, easing pain, and accelerating recovery. The process is painless, with no burning or discomfort.

## Who it's for

OrthoLazer is designed for patients experiencing:

### Post-Surgical Recovery

Heal faster with less discomfort.

### Acute Injuries

Quickly heal and prevent further injury from sprains, strains, or other orthopedic injuries.

### Chronic Pain

Relieve pain from conditions like arthritis, nerve pain, or lingering joint discomfort.

## What can I expect from treatment?

### Painless and Quick

Sessions with friendly, caring staff last about 15 minutes and are completely pain-free.

### Non-Invasive

No needles, no surgery,  
no additional downtime—just results.

## How many therapies will it take?

Acute/Post-surgical  
Injuries

**6** 15 minute  
Sessions

Chronic  
injuries

**12** 15 minute  
Sessions

*\*Treatment plan is dependent on your condition.*

**Take the next step.  
Accelerate your healing.**
